

Invitation for participation

AESTHETICS AND ANTI AGING FAIR

12th and 13th march 2011, Belgrade fair, Hall 4

Bologna, Moscow, Paris, Belgrade!

Four points of the world that combine beauty, expertise, perfection and glamur. For the first time in Belgrade at the 17th international convention and Cosmetics Fair "Touch of Paris" and Aesthetics and Anti Aging Fair realized by **Eco Design Studio and Medica Aesthetica Center.**

We have an exceptional honor and pleasure to invite you to the FIRST professional international fair of its kind in Eastern Europe. The fair will bring together the most eminent names in the field of aesthetic medicine and AntiAging. This is an excellent opportunity for exhibitors to present their products, technologies, methods and demonstrate the latest achievements in this field. There are many possibilities, from individual presentations and creative workshops to using all of the Fair resources.

Our creative team of professionals will be at your service all the time.

Our rich database and all communication channels will help gather doctors, pharmacists, cosmetic surgeons, dermatologists, owners and managers of pharmaceutical companies, distributors of medicines and cosmetic products, owners and managers of wellness and spa centers and hotels. We have prepared this exclusive event, listening to market requirements and specific target group, fair visitors, demands.

That is why it is important for you to be there.

Distinguished professors, leaders in aesthetic medicine and AntiAging will be the best support for your performance. As exhibitors, for a paid fee you are entitled to organize any creative workshop or special lecture lasting for one hour, without any additional rental charges.
